## Objective

- As an IT co-op student who is passionate about what I do, I know your organization will benefit from my skills, creativity and drive. Adept at coding, testing and debugging in Java, C#, Python and HTML, I thrive on challenge! Also, I am good in web and front-end development. If I don't know the answer to a technical problem, I am able to research and implement an appropriate solution.

## Technical Skills

### Programming

Languages: Python, C#, SQL, Java, HTML5 & CSS3, Java Script, PHP(Basic), Bootstrap, JQuery

- Effectively write code, pseudocode and documentation
- Quick to learn new languages
- Familiar with manual testing techniques
- Strong analytical and problem solving skills

### Database

- Able to design, build and query database utilizing Access and SQL
- Adept with MySQL and SQLServer

### Development

- Tools & APIs: Visual Studio, Android Studio, Xamarin, Django, PyCharm, WebStorm, IntelliJ IDEA

### Applications

- Proficient with a variety of applications including MS Office (Word, Excel, Access, PowerPoint, Visio), Git and Visual Paradigm

## Other Skills

- Excellent communication skills, both oral and written
- Write professional reports and documentation
- Able deal effectively with users at different levels of technical ability
- Work well as part of a team and also independently with minimal supervision
- Strong time management skills, able to meet timelines and achieve goals

## Experience

Front-End Developer | LLC "EMEX" | June 2015- January 2016
